*Seriously fun to ride!*

# Carry-me

## Good things come in small packages

Carry-me is not a toy. It is a high-performance 8-inch wheel bicycle with amazing folding features and super light weight for those who take fun seriously. Ride it, and you will know. It's hard to imagine that the same bike that fits into a lightweight pack over your shoulder unfolds in seconds and rides just like a full-size bicycle! It is fast, maneuverable, rugged, light and comfortable for both short and long trips. When you reach your destination, just fold it away, pack it up and jump on the bus, train, etc. You'll look forward to arriving so you can ride it again!

### Features

- Lightweight, goes anywhere with you!
- Folds in seconds, no tools required
- Excellent riding position for adults and kids
- Sturdy frame that rides like a full size bike
- Great acceleration and maneuverability
- Optimized gear ratio for relaxed, efficient pedalling

*One-touch convenience is built into this design so you can fold/unfold it in seconds with no tools. Simply begin with the handlebars...*

### Specifications

*The sturdy construction and attention to detail on this frame gives you a feeling of confidence when you ride it. Quick-release skewers are used extensively for added convenience.*

Carry-me sets a new standard in its category. It weighs only 7kg and will fit in a 91 x 30 x 27 cm bag in seconds, making it extremely easy to carry, transport, or store. It really shines, however, when you unfold and ride it. This is without a doubt the best solution to getting around the city without the hassles of waiting for traffic, looking for parking spots and paying for gasoline! Of course, you get a great workout at the same time and do your part to preserve the environment.
